

## UST Owners: Are YOU ready for August 8<sup>th</sup>?

In May 2011, the Massachusetts Department of Environmental Protection released the emergency operator training regulations [310 CMR 80](#) for owners and operators of applicable underground storage tank (UST) systems.

### Frequently Asked Questions

#### 1. I have USTs: does this apply to me?

- ✓ **Yes** if you store petroleum products for **fleet fueling or emergency power**
- ✗ **No** if you store petroleum products **exclusively** for heating.

#### 2. What do I have to do?

- > You must develop a staffing plan that designates three classes of operators - A, B and C.
- > Your class A & B operators must receive site specific training **and must pass a certification exam** by **August 8, 2012**.

**Did you know that Tighe & Bond provides regulation specific certified training given by experienced professionals in comfortable state of the art facilities?**

Our training course has been developed to provide your team with a clear understanding of UST systems and their obligations under the new regulations, and most importantly – we can get them ready to pass the exam! **We have an upcoming class on July 26<sup>th</sup> in Westfield, MA.** [Click here](#) to register, or call us if you have questions, need more information, or need more help.

**Did you know that we also have the experience, knowledge, and resources to provide essential services for all UST inspections?**

Tighe & Bond has five certified A & B operators on staff to assist you with meeting Underground Storage Tank compliance regulations and training your Class C operators. We also provide Third Party Inspections, and spill response advisory services. Avoid compliance headaches, avoid fines, and avoid the rush to meet the August 8th deadline! Call today for more information on how we can help!
